WooCommerce Launch Checklist

This checklist is the accompanying document to our Step by Step WooCommerce Launch Checklist. We encourage you to print a copy of this and check things off as you go through your launch. Haven't read the guide yet? [Read it here](#).

Phase 1: Before Migration

- ❏ Step 1. Download backup of staging server
- ❏ Step 2. Double check all WooCommerce Products
- ❏ Step 3. Audit the Checkout Process on the Cart, Checkout, and Order Confirmation pages
- ❏ Step 4. Configured all WooCommerce settings (Accounts, Email, Sales Tax, Shipping, Payment Methods, Inventory)
    - ❏ Customer Accounts
    - ❏ Email Settings
    - ❏ Payment Methods
    - ❏ Sales Tax
    - ❏ Shipping
    - ❏ Inventory
- ❏ Step 5. Test Contact forms
- ❏ Step 6. Setup transactional email

Phase 2: During Migration

- ❏ Step 7. Move your site files and database from staging to production
- ❏ Step 8. Install SSL certificate

❏ Step 9. Update primary domain and admin email address

❏ Step 10. Enable Search Engine Visibility

Phase 3: After Migration

❏ Step 11. Run a search and replace on your database to update URLs to primary domain

❏ Step 12. Setup and implement 301 redirects

❏ Step 13. Submit sitemap to Google Search Console and Bing Webmaster Tools
